Site rules:

Interaction with the community.

Remember, people will never forget how you made them feel.
Tag content that people may not want to see using the content warning function.
Harassment and bullying of any kind will not be tolerated and will lead to a full suspension.
Content

Content illegal in the United Kingdom, France or the Netherlands is prohibited and will lead to a full suspension.
Transphobic, homo/biphobic, racist, etc content is prohibited and will lead to a full suspension.
Spam is prohibited.
Bots are allowed but must not interact with users without being explicitly requested to.
Network

Please be aware that due to the nature of federated platforms, we have very little control over the behaviors of users from other communities.
Use the standard mute and block functions where needed.
However, please report users that offend the CoC of this instance and the administration will take action if necessary.

Admin decisions are final and are not up for discussion. The rules set out above are guidelines for acceptable content/behavior and may be changed any time without notice. Please note the administration may take action in cases outside of the rules for the greater need of the community/federation at large.
