rules

generally, don't be a bad person.

corporate accounts are cool, but please limit public posts

parodies are fine if they are obvious, but including that it is a parody somewhere in the profile would be best

bots are not allowed to post to the public timeline without permission from an admin and may not interact with users without direct user permission

content that is illegal anywhere in the United States or Canada is a bannable offence without appeal

hate speech or similar is forbidden

rules may change at any time and ultimately, everything is left up to the discretion of the administration.

currently, fox@hex.bz is the only admin. please contact them if you have any issues.
